DEADLINES SUMMARY

Step 1 (Student - Insert thesis title): from May 1st and no later than June 8th 2026

The student enters the title of the thesis from the personal dashboard (Laurea - Conseguimento titolo - Inserimento domanda di tesi).

During the application, it is mandatory to indicate whether you grant the authorization or not to consult your final thesis. After completing this step, the system automatically generates an e-mail to your supervisor.

Step 2 (Professor- Thesis approval): no later than June 10th 2026

From the personal Internet Desk, the supervisor can approve, modify or cancel the online application.

Step 3 (Student - Inserting online thesis application and payment of € 32 via PagoPA): no later than June 12th 2026

You must wait for your thesis to be approved by your thesis supervisor before submitting your graduation application.

When your thesis supervisor approves your thesis, you will receive an e-mail alert in your institutional mailbox. From then on, you can enter your final application.

Before proceeding with step 3, the student is required to fill in the online AlmaLaurea Questionnaire (once the questionnaire has been filled in, you **must 'ignore' the automatic resubmission message**).

N.B. Please read the anti-plagiarism legislation carefully.

The student will be notified by e-mail once the application has been successfully completed.

Payment of € 32

The € 32 fee is generated automatically after submitting online the thesis application (Step 3).

If you have already paid € 32 for a previous final examination session, you only need to pay € 16 and request "by ticket" the creation of a reduced invoice to the Secretary Service.

Step 4: the student uploads the thesis in PDF format from the personal dashboard (Internet Desk/Sportello internet): from June 22nd 2026 and no later than July 3rd 2026

Your thesis must be uploaded to the Student dashboard in PDF format.
